

Alu Cross Bar for VW Crafter short wheelbase, low roof with factory channel

Our item number: 226831022

Minimum weight with maximum strength in aerodynamic design. The mounting system allows a flexible position on the roof. The crossbars were developed for a maximum total load of 150 kg (the maximum roof load restrictions by the vehicle manufacturer must be observed anyway). For VW Crafter 35 and 50 with short wheelbase with factory channel. Dimensions: wheelbase 3250 cm, complete height 2415 cm, complete length 5240 cm.
