

## Alu Cross Bar for VW Crafter medium wheelbase, high roof with factory channel

Our item number: 226832024

Minimum weight with maximum strength in aerodynamic design. The mounting system allows a flexible position on the roof. The crossbars were developed for a maximum total load of 150 kg (the maximum roof load restrictions by the vehicle manufacturer must be observed anyway). For VW Crafter 30 and 35 with medium wheelbase, high roof with factory channel. Dimensions: wheelbase 3665 cm, complete height 2705-2755 cm, complete length 5905 cm.
