

Alu Cross Bar for VW Crafter long wheelbase, extended, maxi roof w/o channel

Our item number: 226833023

Minimum weight with maximum strength in aerodynamic design. The mounting system allows a flexible position on the roof. The crossbars were developed for a maximum total load of 150 kg (the maximum roof load restrictions by the vehicle manufacturer must be observed anyway). For VW Crafter 50 with long wheelbase, extended rear , maxi high roof without factory channel. Dimensions: wheelbase 4325 cm, complete high 2990 cm, complete length 7340 cm.
